I acknowledge

- that I am the owner/agent of the above noted property in respect of which this permit is being issued, and am solely responsible for carrying out the work authorized by this permit in accordance with the BC Building Code and other applicable laws and regulations.
- that the District of Peachland provides a limited service in relation to building construction and does not make any representation or give assurance that the construction authorized by this permit complies with the BC Building Code or other applicable laws.
- that the District has issued the permit in reliance on the certification of a registered professional, engaged by me to provide such certification, that the plans for the work comply with the BC Building Code and other applicable enactments, that the fee for the permit has been accordingly set, and that the District, by issuing this permit, makes no representation to me or any other persona as to any such compliance.

Referring to the District of Peachland's Building Bylaw 2273, 2020:

- I acknowledge I have read *Part 7: Owner's Responsibilities* and *Part 8: Obligations of Owners Contractor*.
- I understand that as an owner of the property noted above, under *Section 7.6* and *7.7*, I am responsible for the cost to repair any damage to the District's works or property that occurs as a result of the construction on my property authorized by this permit.
- I understand that in addition to payment of a security deposit under *Section 10.8* and *10.9*, an invoice for any damage must be paid for within 30 days of receiving the invoice.
  - I have inspected the District's works and property adjacent to my property and find that it is in good condition and I observe no damage.
  - I have inspected the District's works and property adjacent to my property and found the following damage (i.e. broken sidewalk, etc.). I have reported the damage to the Building Official prior to commencing any work.

**PART 5: CHECKLISTS for simple buildings**

Use the **Part 6: Document List** to determine what is required with your submission based on the lettering in the categories below. All documents listed are **REQUIRED**, unless you have spoken to the Building Official and made other arrangements. **Only check off the boxes in the category specific to your project.**

- Obtain property information from Geographic Information System (GIS) on the District website. You will find aerial imagery, and information on your property including zoning, legal description, development permit areas, etc.
- Check with the Building Department to see if you are within the 10-minute Fire Response Area. This may affect your design.
- Development permits and variances, if required, need approval from the Planning Department **BEFORE** a building permit can be issued.

**PRE-SUBMISSION CHECK** I have confirmed with Planning that my project complies with the Zoning Bylaw AND does NOT require a Development Permit or Development Variance Permit.
